

Cheaters: the best multitaskers

Last Updated: 12:18 PM, April 1, 2010

While some people are ready to burn straying celebrity spouses at the stake, comic **Annabelle Gurwitch** is fairly sympathetic to the cheaters. "You've got to admire the time-management skills involved," she told The Post's **Mandy Stadtmiller**. "

They have busy careers and marriages to deal with, and yet they still manage to have numerous affairs on the side. Now, that's what I call multitasking! If my husband could even do half of that, I'd be proud of him."

Gurwitch and her thick-skinned comic spouse, **Jeff Kahn**, who are performing at Carolines on Broadway tonight, co-wrote the hilarious book on marriage, "You Say Tomato, I Say Shut Up: A Love Story."

Gurwitch also said, "In marriage, you can't always get what you want, but if you try some time, you just might find, you get what *she* needs."
